P.O. BOX - 1797  
COLO. SPRINGS,  
COLORADO

NOVEMBER 1964

This coming meeting, on the 11th of November, will sure be a good one! Your Club officers are going all out to make it the best ever!...the place? A different one this time - the VFW Headquarters and meeting hall on East Pikes Peak Avenue, just across from King's Super market...430 E. Pikes Peak, to be precise. The time will be 8:00pm, as usual.

This will be "XYL" Night, with many attractions - eats, prizes for the gals, etc. The main event will be a speaker of considerable repute as a writer of doings in the Rocky Mountain West...Inez Hunt! This time she has gone into the activities of Nikolai Tesla here in our own area and will give us a preview of her new book covering the many ventures of an electric (electronic?) nature that he did on Pikes Peak and other places.

We've got lots of room for you and your XYL - and a friend, too, so come on out!

\*\*\*\*\*

Our Treasurer, Chuck Madsen, WAØEQD, has been in the "executive suite" at Penrose Hospital for a couple of weeks, now...undergoing tests for? he gets on the air with his Twoer frequently...it is likely that he will be there for awhile, so drop him a card or something to let him know you are thinking about him...

\*\*\*\*\*

On Monday the 3rd of November, KØJXQ was host for a visit by George Hart, the National Emergency Coordinator for the ARRL, who was in town for a National Civil Defense meeting. Twelve of the AREC members, active on Two meters, showed up for a very interesting meeting. Mr. Hart threw out many leading questions on controversial subjects.

\*\*\*\*\*

If you didn't attend our last meeting you may not know that Phil, KØJXQ was elected for a full term as president; Ed Pompea, KØZPG as vice president; Larry Lewis, WAØDGL as secretary; Chuck Madsen, WAØEQD reelected as Treasurer. A good group to keep our Club active!

*Officers for 1965*

For those who might be interested in 5 or 2 meter FM, Lou Cunningham, WA0EEA, has found several sources...since many of the emergency groups across the nation have gone to FM, this mode has become quite popular...if you are interested, get hold of Lou at the meeting or otherwise.

\*\*\*\*\*

Lou, WA0EEA says he has had some encouragement on securing our workshop site and club station location...we'll get him to say a word or two on it at the meeting.

\*\*\*\*\*

Your editor pulled a "boo boo" when he referred to Jim's (K3TVX/ø) KYL in the last issue as "Marybellø" instead of Mary Bell!..our apologies - had several favorable comments on her poetic efforts, by the way.

\*\*\*\*\*

George, W0GCH, said he had lots of goodies to deal on, but we didn't get together to get it listed...if you are looking for something, he probably has it - ask him.

\*\*\*\*\*

Now that George Hart has taken the time to visit us, I'm taking the time to read some of his many articles in QST...he has two in the October issue, one entitled "Some fine points in message handling". which I am reading right now, in between typing this; the other is his regular ARPS column...both of them good. He isn't nearly as fiery face-to-face as his articles would indicate!

\*\*\*\*\*

Well, I've reached the bottom of this page and haven't enough to start another - so, will I see you at the big meeting? I'd like to, and so would those who are going to the trouble of arranging an interesting evening for you...
